

## LODGE IS ESCORTED BY ROOSEVELT AND SHAW

Massachusetts Senator is Made Permanent Chairman of Convention.

## DELEGATES CHEER LIKE MAD FOR TEDDY

Exciting Opening Scene in the Republican Convention at Philadelphia Today—Roosevelt's Positive Declination Makes a Warm Contest Between Long and Dilliver for Second Place—Thurston Believes the Rough Rider Wants the Nomination—Presidential Nomination Likely to be Made Before the Day is Over.

Philadelphia, Pa., June 20, 8:30 p. m. [Special Telegram]—Secretary Dick of the national committee now says the nomination for the presidency will be reached before the day is over. This is contrary to Thurston's earlier prediction.

Philadelphia, June 20.—[Special Telegram]—When the delegates began taking their seats in the convention hall shortly before noon they found on their desks two "appeals," one from the National Legislative league demanding equal rights for woman and the other for American ship subsidy law signed by Alex Smith Hellen, N. Y.

Senator Lodge rapped on the table for order at 12:27 o'clock. Immediately the band played, "The Star Spangled Banner," all arising. At the conclusion Rev. Charles M. Boswell opened the proceedings with prayer. The report of the committee on credentials was adopted unanimously.

The committee on organization through Gen. Grosvenor, reported Senator Lodge for permanent chairman and the chair appointed Shaw of Iowa and Roosevelt to escort Lodge to the chair. This set the convention wild the delegates mounting on their chair and cheering like mad, evidently for Roosevelt.

The fifteen survivors of the first republican convention at Pittsburgh forty-four years ago, stepped to the front platform and were wildly greeted.

Chairman Lodge's Address.

Senator Lodge began his speech which occupied fifty minutes. It followed the lines laid down by Wolcott. After saying that the taking of the Philippines was a noble move, Lodge promised if the republicans retained power, the retention of the policies of protection, gold standard, and of the American merchant marine, Isthmian canal, Pacific cable, defend Monroe doctrine, improvement of coast defenses and a bigger navy.

Believes Roosevelt Wants It.

Philadelphia, June 20.—[Special Telegram]—"For the first time I today believe Roosevelt is a candidate for the vice presidency and that he really wants to be nominated," said Senator Thurston of Nebraska this morning.

This from Thurston, one of the leaders of the administration and a Hanna faction man, is regarded as of great importance. However, Hanna is very sore against the New Yorker, on account of Roosevelt's alleged declaration in Washington a few days ago that he would take the platform and decline.

The administration then went to work on a new tack. When Hanna arrived in Philadelphia he found Roosevelt apparently encouraging, through lack of decision, the idea that he is a candidate. Said a Hanna leader today: "If Roosevelt had told us in Washington he would accept the nomination, we would have been delighted to put him on the ticket."

KANSAS TO NOMINATE ROOSEVELT

New Yorker Is By No Means Out of Vice Presidential Race.

Philadelphia, June 20.—[Special Telegram]—The endorsement of Woodruff for the vice presidency by the New York delegation early this morning does not eliminate Roosevelt from the situation according to his admirers who insist he will be named.

gram or suggestion that he try for the presidency.

There is considerable feeling between the younger element and Hanna, the former claiming that the administration had promised to keep hands off the vice-presidential matter and let the delegates choose. Now, they say, Hanna is working a quiet scheme to bring about the nomination of Long as the administration candidate.

NEW YORK ENDORSES WOODRUFF

Long and Dilliver Seem to Be the Favorites Today

Philadelphia, Pa., June 20.—[Special Telegram]—Lieutenant Governor Timothy L. Woodruff will be presented to the national convention tomorrow as the candidate of New York for vice president. It was decided to do this after a four hours' stormy session of the New York delegation, during which every kind of appeal was made to get Governor Roosevelt to say that he would accept a nomination.

Situation Is Still Mixed

The vice presidential situation is still mixed, because it is asserted that New York makes this movement so as to go into convention with a candidate, and yet hoping that Governor Roosevelt will be nominated.

Senator Hanna has stated that he controls the delegates to such an extent that he can nominate any candidate he pleases, and it is not known that he has withdrawn his objections to Mr. Woodruff. The latter was as much surprised as anybody over the result.

Hanna Says Roosevelt Is Out

The general idea seems to be prevalent that Secretary Long is the most favored candidate, with a probability that Roosevelt may still be nominated. Governor Roosevelt believes that his wishes having been respected by his own delegation he is finally out of the race.

Long and Dilliver Mix Up

The next serious proposition that confronts Mr. Hanna is what he shall do as between Long and Dilliver. There is a popular sentiment for Dilliver in the west that is hard to overcome. Long is regarded as a passive kind of a candidate and while no objection is urged against him, he does not attract the delegates. But he is Mr. Hanna's personal choice and is preferred by the president.

Transferring the vote

In making the fight against Roosevelt, Senator Hanna finds the opponents of Roosevelt divided, some for Long and some for Dilliver. The question of transferring the vote from one to the other without nominating a man they wish to defeat is the difficult problem. "If we can't do it then we haven't got control of the convention," said Senator Hanna. "If the friends of the president cannot agree upon a candidate and by their differences cause the nomination of a man that is not wanted and does not want the place, they will have to take the responsibility for it."

May Still Be Roosevelt

Next to Roosevelt, Dilliver undoubtedly has the convention at his disposal. Whether he can compete against the powerful but secret influence of Senator Hanna is quite doubtful.

On the surface, therefore, the result of the vice presidential fight gives Long a shade the best of it, although the western men generally have no hesitation in declaring his nomination would be a mistake.

The action of the New York delegation in giving a man like Woodruff an official endorsement makes it likely that Roosevelt's name will be presented to the convention by some outside state, and in that case there seems little doubt as the result.

and that his friends had it well in hand. Senator Hanna told a friend that he purposed going on the floor of the convention to "do some" politics. This information was brought to the ears of Senator Platt, who said:

"If he does I'll give him a first class run for his money."

Naming Ticket's Head

One of the rules to be adopted by the convention will provide that the roll must be called in all cases on the nomination for president and vice president, so that there will be a chance for the impressive scene of one state after another declaring its solid vote.

All this will be quite sufficient to keep the convention busy today, so that tomorrow will be given over to the vice presidential fight.

BADGER DELEGATES ARE AT SEA

Have Not Made Up Their Minds on Vice Presidential Matter

Philadelphia, Pa., June 20.—The Wisconsin delegation last night did not know which way to turn. The delegates want Roosevelt, but after their experiences during the past twenty-four hours they are determined to take no further action indicative of the policy they will pursue until some order comes out of the situation.

The delegation held a meeting at 9 o'clock last night and discussed informally the present outlook on the vice presidency and adjourned to meet again in the morning.

There is certainly very little sentiment in the delegation favorable to the nomination of Secretary Long.

Wisconsin delegates are occupying a splendid point of vantage. Flanked on one side by the Ohio delegation with its strong tendency to stand by everything known or supposed to be favored by the administration, and on the other side by the Pennsylvania delegation.

Senator Spooner arrived here yesterday and has quarters at the Walton. The senator has been in great demand since his appearance here and he is taking hold manfully to assist in solving the problem that is vexing the leaders and the delegates.

Secretary Stout believes that the platform to be adopted by the convention will be all that any good republican could ask for in respect to the chief issues of the national field, protection and sound finance and the expansion policy. Mr. Stout wants something more. That is a good roads plank. He has talked with resolutions Committee man Treat about it and urged Mr. Treat to offer a good roads plank. Stout believes it would be a good thing for a national platform plank.

WISCONSIN DROPS ROOSEVELT

Dilliver and Bliss Have Friends Among Badger Delegates.

Philadelphia, Pa., June 20.—S. T. Reese of the Wisconsin delegation said that last night with perfect unanimity, the delegation adopted a resolution declaring for Gov. Roosevelt for vice president and announcing that Wisconsin would support him in the convention. Today the New York governor asked him to refrain from voting for him. Mr. Reese said that so far as he was concerned he proposed to accede to the expressed wishes of Gov. Roosevelt.

"Any New York man upon whom the New York people can agree and who is satisfactory to the administration is my choice for the vice presidency. If the race should be open I think I shall vote for Mr. Bliss and perhaps some others in the delegation will. It is not probable too, that Dilliver may get some Wisconsin votes. Of course, as indicated by the resolution adopted last night, the preference of the delegation is for Roosevelt."

PLATFORM OF THE CONVENTION

Outline of the Main Points To Be Acted Upon.

Philadelphia, June 20.—The republican national convention resumed its work at noon. The rough draft of the platform, which will be presented to the convention for its consideration, was framed by a subcommittee of the committee on resolutions Tuesday afternoon. It was presented to the main committee for its approval, and possible amendment and addition. The probabilities are, however, that no material changes will be made, and the platform as determined on by the subcommittee, will be the one which will be adopted by the convention. The main topics treated on in the drafts now made are trusts, expansion, finances, Atlantic and Pacific canal, labor, good roads, merchant marine, and the Boer war. There are other features, but they are largely of an argumentative and declamatory character.

Lodge Permanent Chairman.

The committee on permanent organization, of which Gen. Grosvenor of Ohio is chairman and Thomas N. Hastings of New Hampshire secretary, met after the adjournment of the convention, and by unanimous consent selected Senator Lodge of Massachusetts for permanent chairman, and voted to continue Charles W. Johnson of Minnesota permanent secretary.

The Test of Merit.

## VETERANS GATHER AT WEST SUPERIOR

GOV. SCOFIELD BELIEVES IN PENSIONS FOR ALL.

Shaw Makes an Address on the Work of the Year.

—D. J. James of Richland Center Boomed for Commander—Mrs. Grinnell of Beloit May be Head of the W. R. C.

West Superior, Wis., June 20.—The city was gay with decorations today to welcome the incoming visitors of the patriotic orders and large delegations of veterans and citizens met all incoming trains to greet the visitors.

At the reception yesterday afternoon Commander-in-Chief Shaw spoke to a good sized audience and told of the work of the year. As a private soldier, he said he wanted to demonstrate that there were men in the ranks who had enthusiasm and could work for a patriotic cause as well as the generals. He had devoted much attention to the charge that there were gross frauds in the granting of pensions and had found to the satisfaction of all that there was no foundation for the assault on the pensioners of the country. The cry of fraud had ceased now and veterans were permitted to enjoy their pensions in peace.

E. O. Kimberley sang James Monahan's song, "Wisconsin Land of Beauty." W. D. Hoard paid a tribute to the American volunteer and Gov. Scofield said he never knew of a pension fraud; that the government can never pay the old soldiers enough to extinguish its debt to him and that he favored a pension for every veteran, enough to keep him from want.

Waukesha and Sheboygan have looked horns for the next encampment and both claim to be sure of winning the prize.

D. J. James of Richland Center, is looming up as a candidate for department commander and seems likely to win; although Judge W. P. Hoyt of Falls is running strong and Sam Tallmadge has a host of friends who want him to serve a full term.

Mrs. Myra Grinnell of Beloit, appears slated for the department president of the W. R. C.

## STRAWBERRY CROP WILL BE A FAILURE

Not One Third As Large As Last Year Owing to the Continued Dry Weather.

Milwaukee, Wis., June 20.—[Special Telegram]—The strawberry crop in Wisconsin is a failure. Local dealers report that the crop will not be one-third as large as a year ago, owing to the continued dry weather, the vines having dried up except where they have been protected.

## MORRISON HOTEL IS DESTROYED BY FIRE

One Man Killed Outright and Two Fatally Hurt—Others Were Rescued—Loss \$12,000.

South Bend, Ind., June 20.—[Special Telegram]—The Morrison Hotel, a four story structure, was destroyed by fire this morning. L. P. Smart of Hudson, Mich., was killed, and Mr. and Mrs. Ed. Smith, theatrical people, were fatally hurt by being blown from the third story windows by an explosion. The other inmates were rescued by the fire men. Loss \$12,000.

## BRYAN SPEAKS AT MINOCQUA

Faces an Audience of 4000 Lumbermen Last Night.

Minocqua, Wis., June 20.—William Jennings Bryan was given a warm welcome here by the people of Northern Wisconsin last night, and was faced by a crowd of fully 4,000 people when he stepped on the platform for his open air address. It was a great night for Minocqua, excursion trains having arrived from Wausau, Ashland, Merrill, Tomahawk, Antigo, Rhinelander, Babcock, Grand Rapids, Hurley, Flambeau and Star Laks. Mr. Bryan spoke from a platform erected in the south end of the city on the bank of Lake Kawsauegwa. The crowd was enthusiastic.

## ENTHUSIASM AT A NIGHT RALLY

Thurston Explains Administration Philippine Policy.

Philadelphia, Pa., Jan. 20.—The enthusiasm of the convention crowds is now at flood tide. It bursts through all bounds with the slightest impulse. Last night the academy, an immense auditorium, was filled with an eager crowd, stirred to a frenzy by such speakers as John M. Thurston of Nebraska, Congressman John Dalzell of Pennsylvania, and Congressman Charles of Grosvenor of Ohio.

The speech of the evening was made by John M. Thurston, senator from Nebraska, and it is notable as outlining the position of the administration on the subject of "imperialism." The course of his argument was that the government having destroyed the ruling authority in the Philippines, was obliged to replace it and to maintain peace and order there.

## CLASS DAY AT THE UNIVERSITY

Two Janesville Students at Madison Distinguish Themselves

Madison, Wis., June 20.—Yesterday was class day at the University of Wisconsin, and from 10:30 in the morning, when the ivy planting exercises began on the upper campus, until the conclusion of the weird pipe-of-peace ceremonial on the lower campus at 12 o'clock last night, the university buildings and campus were in the possession of the outgoing class of 1900.

At 2:30 in the afternoon the seniors and their friends gathered in Library Hall. An excellent program had been prepared among which was "The Class Prophecy" by Marcia A. Jackman of Janesville. Bernard M. Palmer of Janesville also received a special thesis honor.

The two crews of the University of Wisconsin that will meet the crack Eastern eight on the Hudson river at Poughkeepsie, June 30, left Madison over the Chicago & Northwestern road at 5 o'clock this morning. From the time of their arrival until the day of the races—nine days—they will be carefully trained over the courses laid out for the contests. Both the coach and the crews are confident of victory.

## KRUGERSDORP IS TAKEN BY HUNTER

British Troops Take the Place Without Opposition—Hostilities Break Out in the Free State.

London, June 20.—[Special Cablegram]—It is officially announced that Hunter has occupied Krugersdorp, twenty miles west of Johannesburg, without opposition.

Hostilities have again broken out in the southeastern end of Orange Free States. Reports were brought to London yesterday that the burghers had made a vicious attack on Gen. Rundle's position in the vicinity of Scheep's nek and are said to be massing their strength before Eikeburg.

## MIDDLETON SWEEP BY DISASTROUS FIRE

Business Section of the Dane County Village Is Entirely Ruined—Loss Will Reach \$150,000

Madison, Wis., June 20.—Nearly the entire business section of Middleton, a prosperous village of 1,000 inhabitants eight miles west of Madison on the Chicago, Milwaukee & St. Paul road, burned last evening.

The loss is estimated at \$150,000 with insurance of about one-half that amount.

Twenty-three buildings were burned among them being two hotels, the post office and the opera house.

The opera house belonged to Fritz L. Hoffman and was insured for \$8,000. The flooring mill in which the fire started was insured in the National Miller Mutual company for \$8,000. It belonged to William Hoffman.

Other buildings burned were: Brumm & Brumm's general store, loss on building and contents, \$15,000; Odd Fellows' block containing shoe stores occupied by William Beltz and Christ Lammert; Frank Durkop's furniture store; William Shulenberg's grocery store; Pries's saloon and dwelling, and Schroeder's meat market.

## KNIGHTS OF LABOR QUARREL

Rival Factions in Session—Many Explosions Recommended.

Washington, June 20.—Two gatherings of the Knights of Labor of North America, each claiming to be the regular and legally constituted executive body of the order, are in full swing here, each assembly having for its avowed object the deposing and removal from office of the leader of the rival faction. The faction headed by General Master Workman Parsons heard the report of the general executive board submitted by John A. Connor. It was recommended that the charter of the District of Columbia assembly be revoked; that Secretary John W. Hayes be removed from office, and that title be secured to the property of the order in this district. Without action further than referring the recommendations to the proper committees the assembly adjourned. General Worthy Foreman J. D. Chamberlain of Colorado presided over the deliberations of the Hayes faction and heard the report of the committee on appeals and grievances. This report recommended that Messrs. Parsons, O'Keefe, Connor, Armstrong and Unks be expelled from the order upon the charges of misconduct made against them by local assembly No. 300. The report of the committee was under consideration when the assembly took a recess at 6 o'clock.

The Post fears that the news is true, since the ignorance of the German consul at Chefoo is fully explained by the interruption of telegraphic communications.

Young Woman Seriously Wounded by a Sheriff's Deputy.

St. Louis, Mo., June 20.—Miss Winnie Allen, aged 19, of 1319 Grattan street, was shot by a sheriff's deputy while riding in a strikers' wagon, the ball entering the leg above the knee, inflicting a serious wound. Miss Allen was on her way home about 8:30 p. m., and when opposite Max Fufel's dry good store somebody yelled "Scab!" at a passing car, on which were a number of members of the sheriff's posse, one of whom leveled his riot gun and fired at the party in the wagon, the bullet striking Miss Allen. The car was stopped and the deputies alighted, but later proceeded on their trip. Miss Allen was taken to a drug store, where a physician dressed her wound, which he pronounced quite serious, and she was then conveyed to her home in a cab. The name of the deputy who fired the shot is not known.

## Chattel Mortgage Technically

Chattel mortgage withheld from record beyond a time reasonably necessary for its prompt recordation is held, in Ruggies vs. Cannedy (Cal.), 46 L. R. ## ALUMNI CELEBRATE SEMI-CENTENNIAL

FIFTY YEARS' WORK AT STATE  
SCHOOL FOR BLIND.

Ex-Superintendents, Officers and Pupils  
Attend Interesting Exercises Last  
Wednesday Afternoon—The School  
and Its Work—"An Alumnus" Re-  
views Work and Prospects of School.

Those who had the pleasure of attending the jubilee exercises at the State School for the Blind last Wednesday afternoon, witnessed a sight that occurs but once in a lifetime. Seated directly in front of the stage in the large gymnasium was an audience of more than one hundred and fifty blind people, ranging in age from children to men and women of sixty, comprising the present school and about sixty of the old pupils, gathered from all parts of the country to enjoy the Semi-Centennial Jubilee. Some of them were boys and girls in the school in the fifties in the early days of Mr. Little's administration, and many of them a few years later when Mrs. Little was at the head of the institution.

Unique and Interesting  
The program was unique as well as interesting. The opening number, "Port and Peasant," by the orchestra of the school was a revelation to many who listened to the orchestra for the first time, and reflected credit upon the leader, H. W. Adams, a graduate of the class of 1897.

Rev. C. C. Hulbert, another graduate of the same class, offered the invocation. Mr. Hulbert is preaching for a church in the northern part of the state.

Judge Wm. P. Lyon, President of the State Board of Control, gave the address of welcome in terms so full of cordiality that the Alumni felt that the welcome was hearty and sincere. The response by M. A. McGalloway of Fond du Lac, president of the Alumni Association, was a credit to that organization and to the school in the earlier days of its history. Mr. McGalloway is a bright man and although entirely blind, is thoroughly well informed, and successful in business.

The School and Its Work  
A jubilee song composed by Miss Leiza Engleson, one of the blind teachers, was sung with a will to tune of "Trump, Trump," and a very interesting paper on "A Brief History of the School and Its Work," prepared by Miss Agnes Trainer of Topeka, Kansas, was read.

"Remembrances of School Life," by E. L. Hitchcock, one of the bright boys of the sixties, was a reminder of fun in the olden time, and was much enjoyed by the audience. Mr. Hitchcock is a successful commercial traveler.

Misses Anna Hull and Jessie Foster, members of the present school, rendered a difficult piano duet, and won merited applause.

Mrs. S. C. Little, who for thirty years, was connected with the school, gave a ten minute talk that was characteristic, and much enjoyed by her many friends.

Dr. J. B. Whiting, who for many years was a trustee of the institution, and took an active interest in its welfare, gave some reminiscences, and pronounced a fitting eulogy upon the work of Mr. and Mrs. Little.

Miss E. M. Abbott, one of the teachers, sang a very pleasing solo, and was asked to respond with an encore.

An organ solo was well rendered by Orson Cochran a member of the school, and a jubilee program full of spicy hits was read by Miss Anna Zimmerman, a late graduate.

Rev. W. U. Parks of South Dakota gave a short address that was full of hope for the blind in the 20th century. Mr. Parks is the pastor of a church and is very successful. He enjoys a college education, has traveled extensively, and is a very bright man.

H. W. Adams, the leader of the orchestra, rendered a violin solo, which was much enjoyed.

Rev. Shorb and L. S. Pease  
L. S. Pease, who for four years was superintendent of the institution, gave a very interesting talk that was well received, and Rev. Geo. Shorb of Evanston spoke for ten minutes on "Our Semi-Centennial."

The program was so long that two members were omitted and the exercises closed with a song to the air Columbia, the words were composed by Miss Mary Shannahan, an old pupil.

The evening was devoted to a closing party, enjoyed by both old and young. At midnight the scholars commenced to take their departure, and before noon the next day ninety of them were off for home.

The alumni was in session until Friday night, and many interesting topics were discussed. Mrs. Little was present and had the pleasure of meeting many old pupils that she had not seen for 20 years or more.

Views of an Alumnus  
Concerning this jubilee and a general endorsement of the State School for the Blind and its management "An Alumnus" writes in the Milwaukee Sentinel under date of June 19, as follows:  
"Wisconsin's oldest state institution,

her school for the Blind—only two years younger than the state herself—has just held, June 13, her jubilee celebration, in connection with the second meeting of her Alumni association and it seems fitting that the people of the state should know something of this event. The school opened in Janesville in 1850 with six pupils for fifty years been educating the people of Wisconsin whose sight was so defective as to make it unwise for them to attend the other public schools near their own homes, and there have now been educated by it nearly 700 citizens of Wisconsin.

"Under the management of the same board that controls the state's charitable and penal institutions, this school and the School for the Deaf are popularly classed with the charitable institutions, but that this idea should at once be eliminated from the public mind and these schools take rank with and in the public school system of the state is clearly evidenced by the showing of the sixty graduates of the School for the Blind who were gathered within its walls last week.

"These people thus gathered represented the personnel of the school from 1856 to the present year, and came from two hundred miles, one over 1,000 miles, to celebrate the jubilee of their beloved Alma Mater. They are not boys and girls, they are mature and middle-aged men and women who have fought their life battles and won. The appearance of these ladies and gentlemen—well dressed, self-poised, intelligent, ready talkers—and the experiences they gave with the results they have obtained, emphasize in a marked way the fact that blindness, though a serious obstacle to what is called a 'success in life,' is by no means an insurmountable one; and also gives the strongest testimony to the practical methods of education that have been in force in this school through almost its entire life.

"While the school educates the totally blind and those who have defective vision, 81 per cent. of the representation here last week were those with insufficient sight to aid them in the work of life, and yet they are not only self-supporting, intelligent citizens of Wisconsin and other states, but many of them are helpers in the support and care of families. These facts should put at rest the thought that the blind are accessary objects of charity or their school a charitable institution.

"The Alumni association of the School for the Blind was organized four years ago, and held its first meeting three years ago. This second meeting being appointed for the past week with a desire to fitly celebrate the School's jubilee, Wednesday afternoon was devoted to a general meeting for this celebration to which the public were cordially invited.

"Wisconsin may feel just pride in all her state institutions, but in none more than in her School for the Blind, which now has closed its fiftieth year with a record for permanency and ability of administration and consequent efficiency of work and demonstrated good results excelled by no other state, even if equaled by any one of them. As it enters upon a new half century of life may a wide knowledge of its schools and the fair fame of it bring all who belong to it within its fold."

## CROP CONDITION IS NOT ENCOURAGING

DROUGHT HAS INJURED GRAIN,  
PASTURES AND HAY.

Early Corn Plantings Doing Well—  
Winter Wheat and Rye Beginning  
to Ripen in Southern Wisconsin  
Counties—Hay Crops Will be Light  
—Weekly Crop Bulletin.

The following is the Weather and Crop Service report for the week ending last night:

The average temperature for the week was slightly lower than the week previous, especially over the southwestern counties, and from six degrees to eight degrees below the average for the same week last year. The nights were generally quite cool, but no frost was reported.

A few very light local showers occurred during the week, but no rain of a general character. Later reports concerning the rains of the 9th and 10th show that they were local in character and that many sections of the state have received no rain at all for several weeks. A few localities along the western border of the state report an ample rainfall. Mr. J. C. Easton of La Crosse states that, "The heavy downpour of rain on the 9th put all crops in first class condition, and the promise for record-breaking crop was never better at this season of the year." In the interior of the state, where the rains of last week amounted to nearly one inch, the soil is again becoming dry and more rain is needed. Taking the state as a whole, the present crop condition is not encouraging, the drought having seriously affected spring grain, pastures and hay, and delayed the germination of late plantings of corn.

The night temperatures have been too low for corn to make rapid progress. The early plantings, however, continue to make satisfactory growth, and the fields are generally clear of weeds. Early planted corn has not as yet suffered greatly from the drought, except on upland soil, but much late planting and replanting failed to generate, on account of dry weather.

The growth of winter wheat and rye has been seriously retarded by the drought, and there will be considerable loss in harvesting, on account of the extremely short growth of straw. Wheat is beginning to ripen in some of the southern counties.

The rains of last week improved the condition of oats and barley generally, although in many localities there has not been sufficient moisture for rapid growth. In some instances the effects of the drought have been so serious that fields of oats have been plowed and sown to millet.

Reports from all parts of the state indicate that the hay crop will be very light. There has been some improvement in pastures but heavy and general rains are needed to put them in good condition.

Tobacco transplanting progressed rapidly during the week, the soil being reported in very good condition since the rains of last week. Plants generally strong and healthy.

Strawberries have been injured by dry weather and the crop will be light. The outlook for an abundant crop of apples, plums and cherries is very encouraging.

Milton, Rock county: Everything suffering from drought; rye, early planted corn and potatoes doing fairly well as yet; tobacco plants progressing slowly. J. H. BURDICK.

## PARIS FAIR VISITORS.

Timely Hints For Those Going to the Exposition.

## SOME IDEA OF THE EXPENSES.

Valuable Information About the Cabs, Omnibuses, Trams, and River Boats—Locations and Prices at the Restaurants of All Grades. Money Rates.

Unless one has special reason for visiting the exhibition when there is no crowd it is not advisable to do so before 10 o'clock, says the Paris correspondent of the New York Journal. Prices of entrance in each of the enclosures (inclosures) of the exhibition—i. e., at Paris and Vincennes—are as follows:

In the morning, before 10 o'clock, two tickets; between 10 and 6 o'clock, one ticket; after 6 in the afternoon, two tickets, except Sundays and holidays, when the admission will be one ticket. It will be seen that by entering the exhibition after 10 one ticket is good until 6. Entrance tickets can be bought at from 11 to 13 cents outside the exhibition.

Strangers are advised to devote the morning to visiting places of interest in Paris and to consecrate the afternoons to the exhibition. In that case the evening meal may be taken in the grounds itself and the whole evening passed there without further entrance fee. In case visitors desire to visit a theater, concert, etc., it would probably be best to leave the exhibition early enough to dine in the neighborhood of the place chosen to be visited.

The price of cabs undergoes no change during the exhibition, being 30 cents for the simple course or 40 cents by the hour. A tip of from 5 to 10 cents is always given over and above the regular price. Nearly all the bus and tram lines, either directly or by the transfer system, give access to one of the 36 entrances to the exhibition. Six cents for inside seats, with right to transfer tickets; top seats, 3 cents; 3 cents extra for transfer.

The river boats, called "bateaux-omnibus," stop at stations along the exhibition water front on both sides of the river, as follows: Pont de la Concorde, Pont des Invalides, Pont de l'Alma and Pont d'Iena. From Charenton to the Pont du Jour, 2 cents per person on week days; on Sundays and holidays, 4 cents per person. This is the cheapest and most agreeable means of transit. Several tram lines connect different parts of the suburbs with the center of the capital and if used would permit visitors to take lodgings in the suburbs.

Transit in the exhibition is effected by means of the trottoir mobile, or electric sidewalk, and the electric tramway, besides Bath chairs and rickshaws. Price for rickshaws, \$1 per hour, 50 cents per half hour, 30 cents per quarter hour and 20 cents per course from the Place du Trocadero to the Seine and vice versa.

One may breakfast and dine very well either at one's hotel or in any quarter of Paris where a visit may have led one at 60 cents per meal. In the exhibition ground restaurants of all kinds at all prices abound. They may be classed as follows: High priced restaurants, at the two ends of the Alexander III bridge on the bank of the river, along the Rue des Nations in the pavilions of Turkey, Austria, Bosnia-Herzegovina, Hungary, Norway and Sweden, Germany, Spain and Greece; on the Champ de Mars, bordering the central gardens, along the palaces of the Industries Mecaniques and of the Industries Chimiques and in the part nearest the Eiffel tower, along the palaces of the Arts et Metiers and of the Genie Civil, bordering the Avenue de Suffren, the Munich restaurant; near the Eiffel tower, at the Palais de Costume, the Tour du Monde, the Chalet Suisse, the Touring club, the Palais de la Femme and the Cineorama; at the Trocadero, both sides of the Pont d'Iena, at l'Inde Britannique, at l'Egypte, at the Indes Neerlandaises, at la Chine, at l'Asie-Russie, etc.

Restaurants of moderate price, two near the Rue de Constantin, among the annexes; two near the Rue Fabert; in the annexes of Austria and Japan; on the Quai d'Orsay, the Roumanian restaurant, near the Pavillon de la Presse; on the Champ de Mars, along the front of the palaces of Arts et Metiers and of the Genie Civil, nearest the palaces of the Mecanique and the Industries Chimiques; at the Trocadero, near the Exposition of Navigation de Plaisance, and in short all the restaurants in the Rue de Paris.

Restaurants a prix fixe (i. e., where meals are served at fixed prices), one at each angle of the Champ de Mars, a fifth toward the middle of the Avenue de Suffren, a sixth between the Exposition of Navigation de Plaisance and Vieux Paris. Luncheon kiosks, a hundred or so of them spread over the grounds of the exhibition, make a specialty of the sale of certain articles—bread, conserves, charcuterie, liquors, fruits, etc.—and special accommodation is made for those desiring to eat *al fresco*.

Foreign moneys current in France are Belgian, Swiss, Austrian, Russian, Spanish, Italian and Servian gold pieces. Five franc Italian pieces are current, but not the fractional silver currency of less value. Copper coinage of foreign countries is not in circulation. The following pieces undergo a slight depreciation by exchange: German mark, value 1 franc 20 centimes, or 24 cents; English sovereign, value 25 francs, or \$5; United States dollar, value 4 francs 90 centimes, or 94 cents; Dutch florin, value 2 francs, or 40 cents.

## DEMOCRACY AND TRUSTS.

The democratic leaders have a good deal to say about trusts these days, yet all who keep track of current events know that democratic members of the house of representatives won a victory for the trusts by defeating the joint resolution to amend the constitution of the United States so as to clothe congress with power to dissolve corporations, associations and partnerships organized and conducted with a view to prevent free competition, control production and fix prices. The vote stood 154 to 131, giving a majority of 23. The affirmative vote was 36 short of the requisite two-thirds.

Despite the brave show of indignation and independence made by a number of democrats in caucus, only five of them mustered enough courage to go on record in favor of the resolution. And neither Suizer, Ruppert, Salmon nor Lentz was among them. The five were Messrs. Campbell, of Montana; Napfen and Thayer, of Massachusetts; Scudder, of New York, and Sibley, of Pennsylvania. Mr. Newlands, the Nevada silver member, voted with the republicans. Two republicans—Messrs. Loud and McCall—voted with the democrats.

Mr. Richardson and his popocratic followers demonstrated their partisan consistency in a marked degree. For two days they had been indulging in and enjoying one of their spasms of indignation and denunciation on account of "trusts and monopolies" and railing against the "octopus" and then they recorded their votes against a proposition to give congress power to deal with the same.

The Hon. Cornelius Buckley, of Beloit, was in town yesterday. Mr. Buckley's visit to Janesville so soon after the republican conventions were called is held to be quite significant, but as he did not wear his silk hat, perhaps the business that brought him to the county seat was not of a political nature, after all.

Another man has confessed that he killed Goebel, but as the gentleman is a democrat, the Kentucky authorities do not credit the story. They want a republican murderer, and if they do not get one they'll take their dolls and go home.

Ex-Senator Peffer is delivering lectures on spiritualism, although he insists that he is not a Spiritualist. Let his statement be registered, and credited, but if he denies that he is a whistler, well, something will happen.

La Crosse's common council has just let a contract for forty blocks of brick pavement, the expense to be paid by the owners of abutting property. The contract price was \$102,454. La Crosse doesn't do things by halves.

Beloit, apparently, feels her oats. The News says:

Janesville is burning with envy because Beloit boasts of Cornelius Buckley, head of the democratic "push," and has captured the Wild West show which has given the Beaver City the go-by.

Mr. Wojciech Dwoznowski was licensed to wed Katarzyna Woldoch at Chicago. The officiating clergyman, we suppose, will be expected to fire the names from a shot gun when he asks them "wilt thou," etc.

Wonders have been worked since the "days of '61," and General Joe Wheeler—"Fighting Joe, confederate of Alabama"—is now in command of the Department of the Lakes, with headquarters at Chicago.

The Russian bear is doing a good deal of rishin' these days.

Why do not the enterprising detectives who find so many accessories to the Goebel murder, locate the principal?

One principal is worth forty accessories for punishment purposes.

Henry C. Payne was reelected as national committeeman for Wisconsin. Wise move.

However, no one has yet suggested, as a vice presidential possibility. The Man Who Canned The Army Beef.

China's defiance of the world, however, is of the "no tickle, no washee" variety, and we doubt if it will "go".

Summer shirts for men are colored like the calliope fire whistle sounds—loud and very screechy.

Hats off to La Crosse—the town that paves forty blocks of street "at one clatter!"

The wall paper trust, strange as it may seem, lives by going to the wall.

Mr. Roosevelt also finds it a bit strenuous these glad June days.

The boxers have not yet been boxed up.

## ADDRESS OF JOHN G. WOOLLY

Spoke to a Large Audience in Y. M. C. A. Hall Last Night.

Hon. John G. Woolly of Chicago, gave an interesting lecture on the prohibition question to a good sized audience at the Y. M. C. A. last evening. Mr. Woolly is a pleasant speaker, and gave an interesting talk. Taking into consideration the reputation of the gentleman as a speaker and the cause in which he was working, a much larger audience should have greeted him. The prohibition question is at present in its first stages.

## Paid the Doctor to Come Back.

A physician in Scott county, Kansas, recently moved to another part of the state because he could not make both ends meet in his practice, but his services were so badly needed in the old field that the citizens circulated a petition asking the county commissioners to appropriate a bonus of \$500 annually to the doctor on condition that he should return. The commissioners made the appropriation and the doctor has gone back to his former home.

## BUSILY ENGAGED FOR JULY FOURTH

### COMMITTEES ON CELEBRATION HARD AT WORK.

Morning Parade Committee are Straining Every Nerve to Make it a Feature of the Day—Bands Hard to Get—Circus Parade in the Afternoon Will be a Dandy.

The different committees that have the Fourth of July celebration in hand are busily engaged in perfecting arrangements to make the day a glorious success. The morning parade committee are straining every nerve to make that feature the crowning one of the day. In order to create more enthusiasm and get a larger turn out the committee at a meeting held last evening at F. S. Winslow's store, decided to offer the following cash prizes:

**List of Prizes Offered**  
Calathemphus—First prize, \$5; second prize, \$3; third prize, \$2.

All merchants and manufacturers contemplating making a display in the morning procession are requested to notify Chief Marshal C. D. Child by the Saturday preceding the Fourth.

Secretary B. F. Nowlan has mailed requests to all secret societies, labor organizations, and out of door clubs in the city, asking them to take part in the parade, so as to make a good showing.

Bands are hard to get on account of the celebration in surrounding towns. Chairman Greenman of the committee on music, has hired the Imperial, the Y. M. C. A. and Porter bands, and the G. A. R. drum corps.

All parties intending to take part in the Noensch Bros' circus parade are requested to notify Charles B. Bostwick, Charles H. Gage or Harry H. Bliss.

In this circus procession, as in all well organized shows of this kind, system is everything, and promptness in making known to the committee the part you intend to take will allow of their getting things in order to make a first class show. The committee will furnish all banners, signs and other trimmings in order that nothing questionable will be displayed.

Chairman W. P. Sayles of the Carnival committee has the matter well in hand and nothing will be left undone to make it the crowning feature of the day.

## ORGANIZED GANG OF BICYCLE THIEVES

Chief Hogan Hopes to Locate Them Soon—Millard Calkins Loses a Good Wheel.

Millard Calkins of Pleasant street is mourning the loss of his bicycle which was stolen at the family residence. The wheel is named the "Norseman" manufactured by Union Mfg. Co.

Bicycle stealing has become quite common around the city within the last few weeks, quite a number of valuable wheels have been taken. It looks as if there was an organized gang of bicycle thieves working in their neighborhood. They are evidently familiar with the different grades of wheels as they generally select a good one.

Chief Hogan hopes to be able to locate parties carrying on this business and a long sentence in the "pen" will do much toward stopping the stealing and act as a warning to persons inclined to do the same thing in the future.

## LOW SCORES MADE BY THE GOLFERS

Best Amateur Play That Has Ever Taken Place on the Buckleton Links—Party Last Night.

The second days match play for the Richardson trophy took place on the Buckleton links yesterday afternoon under the most favorable circumstances and the golf was the result. The matches between Albert Schaller and Harry Kirkland and between F. J. Baker and Leo Brownell, brought forth the best amateur golf play that has ever taken place on the grounds. Mr. Schaller's score of 90 for eighteen holes match play was remarkable for an amateur, and F. J. Baker's of 42 for nine holes was the best score ever handed in on the grounds in match play. When match play gets within three of "Col. Bagby" it must be very fine.

The finish of yesterday's match leaves four players to contest for the trophy. Next Tuesday's match will bring the race down to two contestants one of which will be entitled to wear the trophy until next season.

In yesterday's match, Fred Baker, with a handicap of 8 won from Leo Brownell, with a handicap of 10, by 4 up and 3 to play. Albert Schaller scratched, won from Harry Kirkland with a handicap of 8, 1 up after a close and exciting match of 20 holes, they were a tie at 18 and under the rules in a handicap match, they must play either 1, 3 or 5 holes, to be determined by the way the handicap falls on certain holes. In this match it was necessary to play 3 but Schaller won the first 2 and settled the match.

Colin C. MacLean on account of sickness forfeited to F. B. Echlin, after playing six holes, MacLean being unable to go on with the match. Echlin had a handicap of eight over MacLean. Chas. Dunn beat Victor Marquisee three up and two to play. Dunn had a handicap of 4 and Marquisee 8.

Albert Schaller may withdraw from the finish as he is thinking of leaving for Garden City, N. Y., next Monday, where he will enter in the amateur championship contest. Arrangements will be made so that Mr. Schaller can play in the semi-finals.

About ninety people enjoyed the supper which was served under the supervision of Mrs. Louise Bowerman, as caterer. The Orpheus Mandolin Club,

assisted by P. J. Farrell of Chicago, an expert mandolin player, furnished the music for a social dance. During the evening Mr. Farrell rendered several mandolin solos in a very pleasing manner.

## THE PRINCIPLES OF OSTEOPATHY

Are true and scientific, because it emphasizes the diagnosis of diseases by physical methods with a view to discovering, not the symptoms, but the cause of disease, in connection with misplacement of tissues, obstruction of the fluids and interference with the forces of the organism. It recognizes the necessity of first removing the cause in order to overcome the disease.

Many people pass judgment on Osteopathy and its principles without investigation, and assume that Osteopathy means that all diseases emanate from the bony structure of the body. This is untrue. Osteopathy embraces ALL bodily structures and its treatment is based on accurate knowledge of the anatomical structure and physiological function of every organ and tissue.

## ARTILLERY ATTACKS PEKIN.

Russians Give Battle on Two Sides of the City.

## ALL FOREIGNERS MASSACRED.

Such Is the Report in Circulation Concerning Those at Peking—Japan Mobilizing 25,000 Men—Disorderly Elements Seize Upper Hand at Wu-Hu.

London, June 20.—"The Russian relieving force has arrived outside of Peking," says the Shanghai correspondent of the Daily Express, "and immediately began to attack the city on two sides, employing numerous artillery. The force apparently arrived in the nick of time, for the Chinese assert that the attack upon the legations had been successfully renewed. On the night of June 16 the Chinese troops under Gens. Tung Fah Siang and Tung Ching attacked the legations and set on fire five European buildings. Nothing definite is known as to the result, except that the Chinese were disappointed, although other reports, utterly discredited by foreigners here, are that the Chinese, infuriated by the destruction of Taku, have since massacred all the foreigners in Peking."

A modified version of these rumors received at Berlin is that the French as well as the German minister has been killed. The English at Shanghai think that the Chinese had foreign advice in organizing the defenses at Taku, because of the precision with which their attack was delivered.

The wires connecting with the harbor mines were cut by the boats of the warships the night before the bombardment. It is now reported at Shanghai that it was on board the Russian cruiser Korietz and not the Mandschur that the explosion occurred, killing and wounding more than fifty. It is reported that no fewer than 700 Chinese were killed in the forts.

**Japan Mobilizing 25,000 Men.**  
The Shanghai correspondent of the Daily Express says he is officially informed that Japan is mobilizing 25,000 men for immediate transport. The whole fleet of the Nippon Yusen Kaisha (Japanese Merchant Shipping company) has been chartered.

The British cruiser Undaunted has arrived at Shanghai, cleared for action, and took up a position commanding the Chinese forts. There are three Chinese cruisers in the harbor.

The new Chinese cruiser Hai-Yang, built by the Armstrongs, has been taken into custody at Taku by the British and Russians.

At Yunnan-Fu, where the rising has been gathering force for several days, 680 Christians have been attacked at the French mission settlement, many being put to death. The French consul and three missionaries are still in prison.

The disorderly elements have secured the Upper hand at Wu-Hu and Czechuan, where the native Christians have been massacred.

A thousand Boxers have gathered on the outskirts of Tien-Tsin. The Shanghai correspondent of the Daily News says: "The Chinese officials here assert that they have news from Peking up to June 17. The situation was then very serious. Beyond that they claim to have received nothing, but they deny that dispatches have been withheld. Although I am not willing to accept the alarmist reports, my impression, gathered from the consuls and the Chinese authorities, is that the worst is to be feared in Peking. Admiral Seymour's column is now in the middle of an arid plain, with no food and no good water, and surrounded by hostile forces."

**The Revolt Is Spreading.**  
London, June 20.—Rumors that Japan, as the mandatory of the powers, will restore order in China were revived in a dispatch today from Yokohama. Germany will not object to Japan sending 18,000 troops, while Great Britain will endorse the plan.

An agency dispatch from Shanghai, dated June 19, says the latest news from Peking is that the dowager empress is greatly concerned at the capture of the Taku forts and that wholesale degradations of the Chinese army, including Generals Sung Ching and Fung Fu Siang, the Governor of Peking and other high officials who promised in the Tung-Hi-yamen to accomplish the expulsion of the foreigners, have taken place.

The revolt is spreading in western China, a revolution having broken out in Szechuan, which adjoins Yunnan, also in revolt. Official notice of the burning of the London Missionary Society's premises at Tsao-Shih, central China, northwest of Han-Kow, has been received. The rising seems to be spreading with rapidity and shows unexpected organization among the foreign element.

All the missionaries at Tsao-Shih escaped and reached Hankow in safety. Cables from Shanghai report that a number of Chinese cruisers are anchored in sight of the foreign settlements, which are only guarded by a small Japanese gunboat. One thousand Chinese troops, with two forty-nine ton guns, still hold the forts outside the town.

The viceroy of Woo Sung is reported to have assured the consuls that the foreign settlements at Shanghai will not be attacked.

**Hunter Killed by His Own Gun.**  
Brazil, Ind., June 20.—Frank Horn, a young farmer, was instantly killed by the accidental discharge of his gun.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the best thing I ever used for stomach trouble. I shall not be without it in any home hereafter. Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get about to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 4-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by Smith's Pharmacy, kodak agents, next to post office.

## In New York's New Rich Society.

A salient feature of the reign of the new rich is the habit of estimating a man's success in life solely by the money he has acquired. There are gatherings of society in New York where if the question were asked about a fellow citizen, "Has he been successful?" the answer would be in the negative had the person inquired about not accumulated wealth. No matter whether he had served his country as a soldier, statesman or philanthropist, had led the youth of his generation as a college president, had been an educator of the people in school or pulpit, had achieved wide renown as a jurist, had written a great book, had held multitudes enthralled by his poetry, had painted noble pictures, had advanced science or surgery, had created a leading newspaper or magazine! Nothing of all this tells. He is not a "success" because he has not piled up dollars to flout in the world's face!—Saturday Evening Post.

## Dr. Miles' Nervine.

An active mind, suffering from Nervine puts the mind in just that condition. It is a brain and nerve household cares, demands from the food and tonic whose important elements, acting upon the body and mind vital fires than the digestive organism with equal force, possesses remarkable efficiency in nervous disorders.

"I had been troubled with dyspepsia, for nearly thirty years and two years ago I was taken with a nervous trouble which caused me much distress. I could not eat nor sleep, was losing strength and flesh and was melancholy and very unhappy. I employed the best physicians who said the trouble was with my nerves, but they were unable to do me any good. I tried several advertised medicines, and at last began taking Dr. Miles' Nervine. By the time the first bottle was half gone I could sleep some, could eat a little and the world seemed to get right side up again. I kept right on taking the Nervine and when I had used fifteen bottles my stomach trouble was gone, and I felt well and strong. I feel very grateful for the good I have received from Dr. Miles' Nervine and would be glad to induce some other poor sufferer to give it a trial."

MRS. JENNIE COX, Warren, Ohio.

"I was very nervous and restless and weak and through the advice of a friend I bought a bottle of Dr. Miles' Nervine, which cured me entirely. Seeing how much benefit I received from nervous dyspepsia and indigestion in a very severe form, thought he would give it a trial. He was very weak and nervous and was able to sleep but little. After using three bottles of the Nervine he could eat well and sleep well. My husband is very happy to think he has recovered from that terrible disease which had made his life miserable for over three years and he says he will always speak a good word for Dr. Miles' Nervine."
